- Ukrainian — **Native**
- Russian — **Fluent**

EDUCATION

**Dnipropetrovsk State Technical University
of Railway Transport**

Master's Degree, Computer Programming

Dnipro, Ukraine — 2008–2013

PROFILE

Full Stack and Frontend Developer based in Ottawa, Canada, with 5+ years of professional experience building fast, accessible, and intuitive web applications. Comfortable across the stack — from React/Next.js front ends to PHP/WordPress and Node/Postgres back ends. Fascinated by how AI systems work behind the scenes — currently exploring machine learning, model training, and reinforcement learning (PPO) through hands-on projects. Collaborated with Agile teams across the full software development lifecycle, including requirements analysis, architecture decisions, code review, and client communication. [more](#)

EXPERIENCE

Full Stack Developer — Elite Digital

Ontario, Canada

Jul 2025 — Jun 2026

Worked across the stack with Claude Code, Sanity, JavaScript, WordPress, Codex, Supabase, PHP, MySQL, CSS, Shopify, Next.js, and Tailwind CSS. Maintained existing codebases, contributed to architecture decisions, analyzed requirements, delivered new features, fixed bugs, updated documentation, performed code reviews, and communicated directly with clients.

Frontend Developer — Elite Digital

Ontario, Canada

Jan 2023 — Jan 2024

Built and maintained front ends with Jekyll, Sanity, React.js, Next.js, JavaScript, Liquid, Elementor, SASS, WordPress, and Docker. Handled requirements analysis, feature delivery, bug fixing, documentation, and code review.

Frontend Developer — SoftServe

Dnipro, Ukraine

Jan 2013 — May 2016

3+ years building and maintaining production codebases with JavaScript, HTML, CSS, Bootstrap, and Backbone.js. Owned requirements analysis, client communication, feature delivery, bug fixing, documentation, and code review.

C++ Teacher — IT Academy "Step"

Dnipro, Ukraine

2011 — 2013

Taught C++ fundamentals to students aged 10–14, covering variables, functions, operators, data types, and simple algorithms such as bubble sort and factorial.
